

## Drawing: My Family Story (K-4)

This activity will start with checking out the free book “Navajo Long Walk”, by Joseph Bruchac, from the Internet Archive and then reading or listening through chapter 2. You can go to the NMHS YouTube Channel to watch the “how to” video or click on the link: <https://youtu.be/E8ykA2h6npA>. The video takes you through how to check out the book from the Internet Archive. Chapters one and two are also read aloud from the book. You can follow along or read with a parent or sibling.

### **After Watching the Video:**

The Navajo Long Walk is not just one story. It is made of many stories from many families. Everyone has a family story relating to where they came from or a hardship they had to overcome. What is your family story? Draw and color a picture of your family, where you live and how many people are in your family. Remember to include you in the story.
